1. The Bulgarian Government recently issued regulations according to which all owners of motorized and other vehicles have to report the vehicles to the competent authorities in order that an itemized inventory may be made. Not only private individuals, but also cooperatives, mass organizations, as well as state institutions were obliged to report their vehicles.
2. The list of vehicles has been sent to the Ministry of National Defense, which now has a complete itemized inventory of all automobiles, busses, trucks, tractors, motorcycles, bicycles, and horse wagons existing in Bulgaria. The distribution and use of the vehicles for mobilization and war purposes will be determined according to these lists.
